

MISSION STATEMENT

Oblong Schools mission is to provide the opportunity for students to acquire knowledge and skills which will prepare them to meet the challenges of a changing world.

INTRODUCTION

This handbook is provided to the students and their families to acquaint them with the rules, regulations, procedures and other relevant information necessary or the orderly functioning of the school. It has been structured to help promote student progress as well as to provide a model of appropriate school government. In addition, this handbook provides guidelines for the psychological and physical safety of the students through appropriate rules and regulations. When breeches of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and administrators to work with the student, his/her parents, and other support personnel to help the student correct his/her behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community as well as helping the student develop self-discipline. When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student's previous history, his/her age and maturation, any mitigating circumstances, and the affect of his/her actions on the welfare of the school community. Disciplinary responses may include but are not limited to the actions described in this handbook.

Accidents

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic, academic, or school sponsored event, must be reported immediately to the person in charge and to the school office. An accident form from the High School Office must be filled out and signed by the student, activity supervisor, and Principal.

1.60 - Animals on School Property

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.90 - Emergency School Closings

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will try to be announced by 6:30 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child's safety, make certain your child knows ahead of time where to go in case of an

early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically canceled.

School Closings

In the event of severely inclement weather or mechanical breakdown, school may be closed, or the starting time delayed. The same conditions may also necessitate early dismissal. School closing, delayed starting time or early dismissal will be announced over radio station WTAY-WTYE 1570 AM or 101.7 FM and WTHI-TV Channel 10 and WTWO-TV Channel 2. During severe weather the decision about school closing will be made as early in the morning as possible, usually between 6 a.m. and 7 a.m. If no report is heard, it can be assumed that school will be in session. Please do not call the school. Telephone lines must be kept open for emergencies.

1.100 - Video and Audio Monitoring System

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Video Surveillance

Oblong Grade School will use video surveillance equipment to monitor some hallways, entry areas, and parking lots on campus. Monitoring and recording will be on 24 hours per day, seven days per week basis. Any tampering with the equipment will constitute damage to school property or school personal property. Violations may be punished by but may not be limited to paying to replace damaged equipment to suspension/expulsion from school. Person(s) found to tamper with the equipment may also be turned over to authorities for prosecution.

1.110 - Accommodating Individuals with Disabilities

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 - Students with Food Allergies

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at 618-592-4235.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

1.130- Care of Students with Diabetes

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

1.140- Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

2.10 - Attendance

Attendance

Illinois law requires that whoever has custody or control of any child between seven and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private

school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Cross Reference:

PRESS 7:70, *Attendance and Truancy*

ATTENDANCE

Whenever a student is unable to attend school for any reason, the parent/legal guardian is to phone the school attendance office or the Grade School Office before 8:30 AM. If this is not done, the school will attempt to contact the parent/legal guardian by phone to determine the reason for the absence. A parent has until 8:30 AM the following day to clear an unverified absence. After 24 hours, the absence become unexcused or truant. The attendance office is 592-4454, the School Office is 592-4225. The attendance office has an answering machine, so parents may call at any time to report a student's absence. Leave your name, your child's name, and the reason for the absence. Upon returning to school after each absence, the student is to present a written excuse from the physician and/or parent, which states the reason for the absence and the date of the absence. If this is not done within 24 hours the absence may become unexcused.

2.11 – Enrollment/Registration

The first time a student registers in Oblong Schools Grades Pre-K, K, 1 – 12 certain documents and papers must be presented, completed, and verified. A certified copy of the student's **Birth Certificate** must be presented (a copy will be made and the original returned) see Student Records, Chapter 11, for more information; **proof of residence** may be completed by following the Administrative Procedure and/or the Illinois State Board of Education Guidance Document, Residency and Enrollment, Immigrant Pupils, Homeless Pupils and School Fees and Waivers, **Home Language Survey**, and each pupil identified as having a home language other than English shall be screened using the applicable instrument for the students grade level, and **Student Transfer Form** (ISBE 33-78) from the previous school if applicable.

2.12 – School Calendar

The school Calendar which shows attendance days, early dismissal days, workshops, vacation days, as adopted by the Board of Education is published on the School Web Page at www.oblongschools.net, select District, select Calendar. A copy may be requested from the Office.

2.14 – Student Information Management – Skyward

Skyward – OHS has an electronic Student Information Management System in place that allows parents and students to constantly check student grades, attendance, credits, and much more on the school's web site. This student course management software tool is called Skyward.

Each student and each parent will have their own password and account. To access Skyward go to the Oblong Schools web page at www.oblongschools.net then click on Skyward and search for the desired information. One may monitor student progress as often as desired. Most teachers post grades and classroom information on Skyward daily (often after each class period) so it is a good idea to visit this site daily or more frequently if you wish. One may send messages to individual teachers if you have questions or comments. One can monitor from home, or anywhere you have internet access, the students' progress.

If you have trouble connecting to this site please contact the High School Office and we will put you in touch with someone who can help get you connected.**2.20 - Student Absences**

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the principal. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal.

The school may require documentation explaining the reason for the student's absence. In the event of any absence, the student's parent or guardian is required to call the school at [618-592-4454 or 618-592-4225] before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will attempt to call the home to inquire why the student is not at school. The student will be required to submit a signed note from the parent or guardian explaining the reason for each absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Cross Reference:

PRESS 7:70, *Attendance and Truancy*

2.21 – Excused – Unexcused Absences

Excused Absences will include:

- A. Participation in a school sponsored activity and observance of religious holidays
- B. Weather conditions which prohibit the normal operation of school busses
- C. Illness, maximum of three consecutive days may be verified by a note from the parent. After the third consecutive day of absence the illness must be verified by a doctor's note or waived by the Principal. Verification must be presented on the day the student returns to school;
- D. Circumstances which would cause the parent reasonable concern for the health or safety of the student and family emergency;
- E. Others at the discretion of the Principal or his designee (including but not limited to: medical appointment, death in the student's immediate family).

Pre-Arranged - Occasionally during the school year, parents inquire about taking their child out of school for trips, work, or vacations. For pre-arranged absences, at least three days in

advance of the absence the student is required to bring a note from the parent/guardian to the Office requesting the student be given an Anticipated Absence form. The student takes the form to each of his/her teachers for a signature and to get homework assignments. The student is responsible to make up all missed homework. In most cases the work should be completed before leaving on the trip. It is the student's responsibility to complete this process. Incomplete make up work will receive the appropriate grade.

Other Conditions that must be met: The student shall have less than six (6) absences for the previous 18 weeks excused or unexcused; the student has not been truant from school during the previous 18 weeks. The Principal reserves the right to deny a request based on conduct or time of year. Pre-arranged excused absences may be taken in half or full day increments.

Unexcused Absences - All other absences will be considered unexcused.

2.30 - Release Time for Religious Instruction & Observance

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Cross Reference:

2.40 - Make-Up Work

Make-Up Work

If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

Cross Reference:

PRESS 7:70, *Attendance and Truancy*

If requested the Office personnel may try to help gather homework assignments but the responsibility belongs to the student.

When a student returns to school after being absent, it is his/her responsibility to see each teacher to get assignments for the day(s) absence. Students have 48 hours to turn in missed

make-up work for the first 2 days absence. An additional 24 hours will be allowed for each day beyond 2. If make-up is due on a non-school attendance day it will be due the next attendance day at school.

2.50 - Truancy

Truancy

A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00

Cross Reference:

PRESS 7:70, *Attendance and Truancy*

2.51 – Truancy and Appeal

Truancy - Truant is a child subject to compulsory attendance and who is willfully and intentionally absent without valid cause from such attendance for a school day or portion thereof.
- chronic or habitual truant is a child who is subject to compulsory school attendance and who is absent without valid cause, even with parent permission, from such attendance for five percent or more of the previous 180 regular attendance days.

- Truant minor is a child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs, and other school and community resources have been provided, and have failed to result in the cessation of chronic truancy or have been offered and refused.

When the student is classified as a “Chronic or habitual” truant, the Principal may direct the process for the development of Referral to Truant Alternative Optional Educational Program (TAOEP). The TAOEP shall designate the specific services or educational program the student shall receive. If these measures prove ineffective and the behavior persists, the Principal shall consult with the Superintendent and may call upon the Juvenile Officer of the Police Department and/or the Truant Officer of the Regional Office of Education.

Appeal - A student may appeal, in writing to the Principal, if the student feels that circumstances beyond his/her control might cause the absences to exceed the allowable limits. A hearing on the appeal will be held as soon as possible following the Principal’s receipt of the written request to appeal.

The Principal will rule on unexcused absences. An unexcused absence means that work cannot be made up and a “0” will be entered in the grade book for each unexcused period. When a student is unexcused absent from any class which may include but not be limited to Study Hall, Band, and Physical Education, he/she may be required to attend after school and/or Saturday School for an amount of time equal to the amount of time missed. Further infractions may lead to Non-Credit Status, Assignment to Saturday School, and suspension from school. Chronic truancy will be subject to remediation and/or referral to the Truant Alternative Optional Education Program and/or other agencies as described above.

2.60 - Grading & Promotion

Grading & Promotion

School report cards are issued to students on a **quarterly** basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Cross Reference:
PRESS 6:280, *Grading & Promotion*

2.61 – Promotion and Retention

PROMOTIONS AND RETENTIONS

Oblong C.U.S.D. #4 in all cases of promotion: will consider a variety of measures including state, district, teacher, classroom, and administrative assessment to determine promotion. As a result of the passage of House Bill 452, social promotion ends effective July 1, 1998. Promotions and retentions are based on an evaluation of academic, physical, social and emotional growth. The primary reasons for considering retention are: a) indifference or lack of effort on the part of a capable student, b) physical or social immaturity, and c) frequent or long absences. Retention is usually considered as a more positive alternative during the early primary grades. Parents will be notified if retention is a possibility for their child.

Grades 1 and 2: To pass, a student should be reading at grade level. The Aimsweb reading level test will be given to each student to determine if the student is reading at grade level. If he/she isn't prepared for the next grade, he/she will already be behind. This could establish a pattern of failure. Retaining the child so that he/she is reading at grade level will establish a pattern of success and self-esteem.

Grades 3-8: A student in our school has many avenues available to help insure promotion at the completion of the school year. Remedial reading programs, special education programs (learning disabilities, cross categorical), and extra help from the teachers give any student who desires to put forth the effort the opportunity for promotion. A student not wishing to put forth the effort makes the possibility of retention very likely.

Any student failing three of the core subject areas (reading, math, grammar, science, social studies, and spelling) places himself/herself in a position to be retained. However, a student who has already been retained twice during grades 1-8 will be recommended for testing for special services. Testing results will help determine placement for the next school year.

2.62 Changing a Grade

Changing a Grade

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a District Administrator without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score;
- The teacher agrees that the student may do an extra work assignment and its evaluation impacts the grade;
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

2.70 - Homework

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, the student's ability and grade level.

If there are questions please contact the child's teacher(s).

2.100 - Home and Hospital Instruction

Home and Hospital Instruction

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

Eligibility shall be determined by State Law and the Illinois State Board of Education rule governing the continuum of placement options for home-hospital services. Appropriate educational services from qualified staff will begin no later than 5 school days after receiving a physician's written statement. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

For information on home or hospital instruction, contact: Office of the Principal.

3.10 - Fees, Fines & Charges; Waiver of Student Fees

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities, including Driver Education and athletics. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal at Oblong High School, 700 S. Range St., Oblong, IL 62449 and telephone 618-592-4235.

¹Illinois law now gives school districts two options with respect to school fee waiver applications. Option #1 allows a district to use students’ application for free meals. Previously, this was the only option available to school districts and requires schools to follow guidelines of the free meals program to determine students’ eligibility for a fee waiver. Option #2 now establishes a new application process to determine students’ eligibility for a fee waiver. This second option is still based on the same income guidelines established by the federal meals program, but allows a district more flexibility in verifying the information in students’ fee waiver applications. This exhibit follows new option #2.

3.11 – Fees

The School District assesses fees for various services and activities. Some are optional fees because they are only paid by participants such as athletic fees. Others, such as registration fees, are charged to all students. All fees should be paid promptly. Students shall not, however, be denied educational services or academic credit due to the inability of parents or guardians to pay fees and charges.

Students and/or parents/guardians who are unable to pay student fees may receive a waiver of the fees except that these students are not exempt from charges for lost and damaged books, locks, materials, supplies and equipment.

The parent/guardian shall submit written evidence of eligibility for a waiver of fees (See 3.10 E-1 above). Forms are available at the time of registration and at any time from the Principal's Office. It is recommended that the parent/guardian fill out an application for free/reduced price meals benefits at the same time. Eligibility for meal benefits and fee waivers are very similar.

A student shall be eligible for a fee waiver when at least one of the following prerequisites are met: (1) The student is currently receiving Food Stamps or Temporary Assistance for Needy Families (TANF); (2) The student is currently eligible for Free or Reduced Price Meals; (3) the Student's family is currently eligible under the guidelines of family-size income levels prescribed annually by the Secretary of Agriculture; and (4) The student is currently considered homeless according to the policy of the Illinois State Board of Education and the Education of Homeless Children and Youth.

Other factors may be considered. If you feel you are eligible for a fee waiver, but do not qualify under one of the circumstances above, then contact the Principal's Office and learn how to apply for a waiver.

Registration for Grade School - \$75.00 (textbooks and most lab fees included)

Athletic Participation Fee - \$25.00 per activity.

Student accident insurance:

Grades K – 12 \$46.00

24 hour coverage \$116.00

Football Insurance \$162.00 plus Basic (\$46.00) = \$208.00

(Optional additional coverage for additional premium available)

3.20 - School Lunch Program

School Lunch Program

Breakfast and lunch are served every school day except when there is an 11:30 a.m. or earlier dismissal.

A student may purchase breakfast for \$2.00. Breakfast may be purchased on a weekly basis for \$2.00 per breakfast.

A student may bring a sack lunch from home or may purchase a school lunch for \$3.00 and/or extra milk for \$0.30. Lunch may be purchased on a weekly basis for \$3.00 per lunch.

Free or reduced price meals are available for qualifying students. For an application, contact the principal’s office.

3.21 – Meals and Account Balances

Each student is issued a bar coded meal card that they must use to go through the lunch line. The student may pay any amount of money on their account at any given time. Cash or checks to go towards the account balance should be placed in a sealed envelope with the student name on the outside and the amount enclosed. The student is to turn in that envelope to the High School Office before the start of the school day. Families with more than one child enrolled at OGS may write one check and the money will be credited towards the family account balance.

The District has a financial responsibility to our students, parents, and community members. Due to an overwhelming amount of charged meals, a meal account will have a maximum charge capacity. If an individual family does not attempt to keep accounts current, the students may receive an alternative meal. The alternative lunch will meet the requirements of a Class A Lunch as defined by the Illinois State Board of Education and the United States Department of Agriculture and will consist of a sack lunch containing a peanut butter sandwich, fruit, and milk. Regular lunch fees still apply. Please pre-pay for meals or send payment daily to stay current and avoid reaching maximum charge capacity.

Meal Prices:

Breakfast - daily	Students \$2.00	Adults \$3.00	
Lunch - daily	Students \$3.00	Adults \$4.00	Extra Milk - \$.30

Reduced price meals for students who qualify are:

Breakfast - daily	30 cents (\$.30)
Lunch - daily	40 cents (\$.40)

Admission price to athletic events:

High School Varsity events	Adults \$4.00	Students \$2.00
High School F/S events	Adults \$3.00	Students \$2.00
Jr. High Varsity (includes Basketball and Volleyball)	Adults \$3.00	Students \$2.00

Family Pass good for the entire family for home athletic events (State Tournaments not included) \$60.00

4.10 - Bus Transportation

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.

10. Do not open windows.
11. Keep the bus neat and clean.
12. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
13. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
14. Be waiting at your bus stop on time.
15. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
16. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
17. Eating is not permitted on the bus.
18. Parents will be liable for any defacing or damage students do to the bus.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact: Jeff Patchett 592-3933 or 592-4235 for route pick-up and delivery times and drivers. For all other concerns contact the Principal's Office 618-592-4235.

5.10 - Immunization, Health, Eye & Dental Examination

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child's report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days

after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 - Student Medication

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure. Refrigeration for medicine in the Office is available if required.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-

administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

5.30 - Guidance & Counseling

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills may not be preceded by a warning to the students.

Teachers will review with students the procedures for each type of emergency, exit routes, and alternate exit routes from the building, areas for shelter in place, and tornado, severe weather emergencies, as well as assembly areas and procedures. Each classroom will have on display a map of escape routes and written instructions regarding emergency procedures. Safe bus riding procedures will also be presented and evacuation from a bus will be practiced.

The teacher in each classroom will give students instructions for evacuation procedures and where take cover areas and assembly areas are located. Each classroom will have on display a map of escape routes and written instructions regarding emergency procedures.

5.50 - Communicable Disease

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Additional Communicable and Chronic Infectious Disease Information

Teachers will review with students the procedures for each type of emergency, exit routes, and alternate exit routes from the building, areas for shelter in place, and tornado, severe weather emergencies, as well as assembly areas and procedures. Each classroom will have on display a map of escape routes and written instructions regarding emergency procedures. Safe bus riding procedures will also be presented and evacuation from a bus will be practiced.

The teacher in each classroom will give students instructions for evacuation procedures and where take cover areas and assembly areas are located. Each classroom will have on display a map of escape routes and written instructions regarding emergency procedures.

When the Building Principal receives notification from an appropriate health care professional that a child in the school has been diagnosed as having a communicable and chronic infectious disease or is shown to have been exposed to Human Immunodeficiency Virus (HIV) or any other identified causative agent of a communicable and chronic infectious disease, the Principal shall immediately notify the Superintendent of the child's identity. The Principal may, as necessary, disclose the identity of the infected child to those persons who, by federal or state law, are required to decide the placement or educational program of the child, as well as to the school nurse and the classroom teachers in whose classes the child is enrolled.

The District shall report to the local health authority, where appropriate, known or suspected cases of a communicable and chronic infectious disease involving a District student. The collection and maintenance of the student's medical information shall be done in a manner to ensure the strictest confidentiality and in accordance with federal and state laws regarding

student records and information.

The determination of whether the infected student shall be permitted to attend school in a regular classroom setting or participate in school activities with other students shall be made on a case-by-case basis by the Communicable and Chronic Infectious Disease Review Team, the student's personal physician and local health authorities. If the infected student is not permitted to attend school in a regular classroom or participate in school activities with other students, due to a determination that he or she poses a high risk of transmission of the disease to other students and staff, every reasonable effort shall be made to provide the student with adequate alternative education. State regulations and school policy regarding homebound instruction shall apply. Temporary removal of the student from the District's classrooms may be appropriate when:

- The student lacks control of bodily secretions;
- The student has open sores that cannot be covered;
- The student demonstrates behavior (e.g. biting) which could result in direct inoculation of potentially infected body fluids into the bloodstream.

Temporary removal of the student from the classroom for those reasons listed above is not to be construed as the only response to reduce risk of transmission of a communicable and chronic infectious disease. The District shall be flexible in its response and attempt to use the least restrictive means to accommodate the student's needs. If temporary removal is warranted such action shall be reviewed by the Communicable and Chronic Infectious Disease Review Team in consultation with the student's personal physician and local public health authorities at least once every month to determine whether the condition precipitating the removal has changed.

When a student returns to school after an absence due to a communicable and chronic infectious disease, he/she shall present a certificate from a physician licensed in the state of Illinois stating that the student is free from disease or otherwise qualifies for readmission to school under the rules of the Illinois Department of Public Health which regulate periods of incubation, communicability, quarantine and reporting.

If the parent/guardian disagrees with the student's alternative educational placement or program, he/she shall be offered the opportunity to an appeal to the School Board within ten (10) days of the notification of the decision of the Communicable and Chronic Infectious Disease Review Team.

5.51 – Health Services

The School Nurse assists the Department of Public Health in keeping the school and the students in compliance with the State's immunization program. All students are eligible to receive immunizations as they become available through the State of Illinois and the Health Department. All students must provide acceptable documentation that all immunizations and health requirements are up to date or include a Physician's signed statement to the contrary.

If a student becomes ill in school he/she should report immediately to the Office. In most cases the Nurse will be notified and will come to examine the student. Students must not leave the building due to illness without first reporting to the Office. They must then receive permission from the Office personnel to leave school.

5.52 – Student Accident Insurance and Claims

Student Accident Insurance and Student Claims

All students enrolled in Oblong Community Unit District #4 Schools have the option to be covered under the School's student insurance carrier. All Unit #4 students who attend school at one of the campuses in Oblong and all Unit #4 students who attend school in an off campus setting, including but not limited to special needs students and special placement students, shall have equal opportunity to enroll in the student insurance program. To be enrolled the Parent/Guardian/Student must fill out the appropriate Student Insurance Enrollment information form. Forms and information are available at the time of student registration and/or any time at the Elementary Principal's Office at 600 West Main, Oblong, the High School Principal's Office at 700 South Range Street, Oblong, and the Unit #4 Superintendent's Office at 600 W. Main, Oblong.

Students participating in athletics, cheerleading, or pompons must have school accident insurance unless the parent/guardian state in writing that the student is covered under a family health insurance plan. Athletes are required to enroll in the insurance program or provide proof of insurance from their parent/guardian before they are eligible to practice or participate in a sport.

If a student is injured:

1. Report your accident to the instructor/supervisor/coach in charge or to the school office immediately following the accident, or as soon as possible, and fill out the accident report in the Office;
2. File your claim form as soon as possible. The insurance company allows a limited time to file most claims;
3. Claim forms are available through the School Office and the Insurance carrier;
4. Follow all verbal and written directions closely. It is your responsibility to see that your claim is filed properly and on time with the insurance carrier.

5.60 - Head Lice

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of

psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.

8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

For more severe infractions and/or repeated violations Saturday Detention may be assigned. It will be from 8:00 a.m. until 12:00 Noon. The Principal or his designee will supervise Saturday Detention. Suspension/Expulsion

Suspension is the removal of a student from school for a specified number of days not to exceed ten for any one offense. A student’s suspension from school is based on two conditions:

1. Repeated or very severe incident of breaking school rules and/or the inability to adjust to the school community
2. When the safety and health of the student or other students or staff have been violated.

A student who is suspended is not permitted to attend school, school activities, or otherwise be on the school campus for the duration of the suspension. Students will receive “0” for all missed work including tests.

During an in school alternative study assignment students will be required to complete assignments, including tests given that day. All work, however, may be subject to a late penalty assessment and daily or in class participation points will be missed.

The Principal shall meet with the student and give verbal notice of the charges against the student. The Principal shall assign appropriate punishment that may include suspension from school for up to ten days per incident. Parents will be notified verbally or by phone, if possible, and in writing of the charges against and punishment for the child. If the parent/guardian disagrees with the Principal’s decision he/she may respond, in writing, to the Superintendent within 10 days of the postmark of the written notice received by the parent/guardian. The steps of Due Process shall be continued from that point.

The Board of Education is authorized to expel students guilty of gross disobedience or misconduct for up to two years for certain offenses or for a shorter period as determined by the School Board. The student and/or parents or guardian shall be due the following procedural protections:

- (1) verbal and written notice of the charges;
- (2) A written notice to the parents or guardian of the time, place, and purpose of the hearing by registered or certified mail with the appearance of the parents or guardian requested;
- (3) A hearing before a hearing officer or the Board of Education with the student and parent/guardian invited to be present with counsel. Counsel may present witnesses and other evidence on behalf of the student and may cross-examine adverse witnesses.

Gross disobedience or misconduct of students shall include, but not be limited to, instances of:

- A. Disobedience of directives from staff members or school officials and/or rules and regulations governing student conduct.
- B. Possession, use, distribution, purchase, sale, or if found to be under the influence of controlled substances and look-alike substances and/or alcoholic beverages and/or tobacco products and/or drug paraphernalia.
- C. Injury or threat of injury to any school district employee, official, or student.
- D. Destruction and/or defacement of any school property
- E. Possession, use, or distribution of a dangerous weapon.
- E. Other such conduct that poses a danger to persons or property or disrupts the educational process.

(4) The hearing shall be conducted by the Board or by a Hearing Officer as the case may be. The hearing may proceed at the discretion of the Board President, or if one is appointed, the Hearing Officer, in the absence of any party who, after due notice, fails to be present;

(5) The rules of evidence shall not be applicable during the hearing;

(6) If the hearing is before a Hearing Officer, the Hearing Officer shall submit to the board a written summary of the evidence collected and referenced during the expulsion hearing, except this shall not be necessary if a quorum of the Board of Education is present at the hearing, and will determine the facts from their own hearing of the evidence. The Hearing Officer shall submit finding(s) and recommendation(s) to the Board upon request of the Superintendent. The summary and, if requested, finding(s) and recommendation(s) shall be submitted to the Board as soon as possible after the hearing is concluded. The district shall make a tape recording of the meeting, whether or not a Hearing Officer is appointed. The Board Secretary shall retain such tape recording as part of the proceedings, together with all documents, or evidence submitted at the hearing;

(7) Following the hearing conducted by the Board or upon receipt of the Hearing Officer's summary, and if requested, finding(s) and recommendation(s), the Board, within ten (10) days thereafter, shall take whatever action it deems appropriate and may include alternatives to expulsion. The Board's decision shall be in writing with a copy being furnished to the student's parent/guardian. The decision shall specify the finding(s) upon which the decision is based.

Each student so charged shall be afforded all appropriate rights of due process.

Rights and Responsibilities – Due Process

In the operation of the schools, it is hoped that the hallmark of the exercise of authority will always be fairness. Every effort is made to secure understanding and acceptance of decisions that are made in good faith. At times there may be legitimate differences of opinion between student and staff members. The student should know that he/she and/or his/her parents/guardians have a right to a hearing and judgment by persons other than the one with whom the disagreement lays. The School Principal, if he is not himself involved, shall be the first recourse. The Board will extend to students their full rights as provided by law. It is the Board's desire that the exercise of authority necessary in a school setting be fair and that the student's rights be fully protected.

The student and/or parents or guardian shall be due the following procedural protections:

- (1) verbal and written notice of the charges;
- (2) A written notice shall be delivered to the student/parents/guardian that they may request a hearing, or, as in the case of Expulsion proceedings, the time, place, and purpose of the hearing shall be delivered by registered or certified mail with the appearance of the student/parents/guardian requested;
- (3) If the hearing is before a hearing officer or the Board of Education the student and parent/guardian shall be invited to be present and may appear with counsel. Counsel may present witnesses and other evidence on behalf of the student and may cross-examine adverse witnesses.

Specific steps for procedures that deal with Suspension or Expulsion are included in the Student Handbook Section: Suspension/Expulsion.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

6.61 – General School Behaviors and Services

Care of School Property

Students are responsible for the proper care of all books, supplies, and furniture supplied to them by the school or provided for use during classes and/or activities. Students who disfigure property, mark in the books, write on the furniture, or otherwise damage, disfigure, or abuse school property or equipment will be punished. Punishment may include but not be limited to the student being required to pay to have the damage repaired or the item(s) replaced and/or suspension/expulsion from school.

Lockers

A locker and a combination lock is issued to each student upon registration. Students are expected to keep their lockers clean and not to abuse them in any way. To protect their interests, students should keep secret their lock combination and should keep their lockers locked at all times. Report to the Office if your locker or lock is not working properly so it can be repaired or replaced. If your PE locker or lock is not working properly report this to your PE teacher or to the Office immediately. Food, drinks and other snack foods are not to be placed in lockers. Lockers are owned and controlled by the District and may be searched from time to time by appropriate school authorities to detect illicit items that are not to be at school.

The school cannot be responsible for valuables left in lockers. If it is absolutely necessary to bring valuable items or excessive amounts of cash to school, they can be safeguarded by leaving them in the Office. It is best to leave such items at home.

Lost And Found

If a student finds a lost article they are asked to take it to the Office where it can be claimed by the owner. Likewise, if a student loses an item please check in the Office to see if it has been returned.

Student Valuables

Students are cautioned not to bring large amounts of money, radios, tape/CD players, ipods, or cameras to school. If a student wears glasses, a watch, rings, or other jewelry they are to keep track of these items at all times. Students, not the school, are responsible for their personal property. If it is necessary to bring more money than needed to pay for lunch, leave it at the officer for safe keeping. Do not leave valuables in your locker. We will do everything we can to prevent thievery but, the school can make no guarantees. The best prevention is not to bring excessive money and valuables to school

6.70- Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

7.10 - Internet Acceptable Use

Internet Acceptable Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software, regardless of whether it is copyrighted or de-licensed;
3. Downloading of copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;
7. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
8. Using another user's account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
13. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

1. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
2. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

Use of Email – The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
2. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. Use of the School District's email system constitutes consent to these regulations.

7.10 E1 - Internet Acceptable Use Sign-Off

Internet Acceptable Use Sign-Off

Dear Parents/Guardians:

Our School District has the ability to enhance your child's education through the use of electronic networks, including the Internet. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Students and their parents/guardians need only sign this *Authorization for Electronic Network Access* once while the student is enrolled in the School District.

The District *filters* access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. If a filter has been disabled or malfunctions it is impossible to control all material and a user may discover inappropriate material. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child or ward should follow, and the School District respects each family's right to decide whether or not to authorize Internet access.

With this educational opportunity also comes responsibility. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions. If you agree to allow your child to have an Internet account, sign the *Authorization* form below and return it to your school.

of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

I have read this *Authorization* form. I understand that access is designed for educational purposes and that the District has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the District to restrict access to all controversial and inappropriate materials. I will hold harmless the District, its employees, agents, or Board members, for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child's use is not in a school setting. I have discussed the *Acceptable Use of Electronic Networks* with my child. I hereby request that my child be allowed access to the District's electronic network, including the Internet.

8.10 - Search and Seizure

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school

9.10 - Athletic Rules & Code of Conduct

Athletic Rules & Code of Conduct

The Athletic Code applies to all students who want to participate in athletics. Athletics includes competitive sports, extracurricular activities, cheerleading and pom-poms. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes and cheerleaders.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic Code.

ELIGIBILITY – NO PASS NO PLAY

All students must maintain passing grades to be eligible to participate in school sponsored or school supported athletic or extracurricular activities. Any high school student who fails to maintain a grade of D minus or higher in **each** course in which the student is then enrolled shall be ineligible to participate in any extracurricular activities until the student achieves a passing grade in each such course. Teachers shall notify the High School Principal or his designee each week regarding each student's current academic standing.

For purposes of this policy, "extracurricular activities" shall include all school sponsored or school related activities which take place outside the regular school day and which do not result in, or affect a grade for student participation.

Requirements for Participation

An athlete must have the following fully executed documents on file at the school office before the athlete's first participation in any activity:

1. A current physical examination report completed by a physician licensed in Illinois to practice medicine in all its branches which finds the athlete is physically able to participate; and

2. A permission slip to participate in the specific sport in which the athlete intends to participate signed by the athlete's parent or guardian; and
3. Proof the athlete is covered by medical insurance; and
4. A receipt showing the athlete and his/her parents received a copy of the Athletic Code, understand the terms of the Athletic Code and agree to abide by its terms and conditions.
5. A signed agreement by the student not to use any drugs on the IHSA's most current banned drug classes list and an agreement to take part in random testing for these substances.
6. A signed agreement by the student's parent or guardian authorizing random performance-enhancing substance testing and recognizing the dangers of drug use.

Behavioral Conduct

Misconduct by student-athletes will not be tolerated. Misconduct shall include but shall not be limited to:

1. Insubordination; or
2. Any behavior or action which is negligently or intentionally injurious to a person or property or which places a person or property at risk of injury or damage; or
3. Any behavior which disrupts the appropriate conduct of a school program or activity; or
4. Hazing, bullying, or harassment of any kind; or
5. Use of profanity; or
6. Exhibition of bad sportsmanship; or
7. Violation of any school rules or regulations or law.

Coaches and school officials will impose disciplinary measures appropriate to the offenses committed. The discipline imposed for any particular offense shall be at the sole and exclusive discretion of the coaching staff and school officials.

Drugs, Alcohol and Tobacco

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to enhance performance or alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Rules in Effect

The Athletic Code of Conduct consists of rules and regulations, which govern the student's conduct while participating in the athletic program at Oblong High School and Oblong Elementary School. In making the decision to participate in the program of interscholastic athletics the student must make a commitment to:

1. Comply with the rules of the Illinois High School Association or the Illinois Elementary School Association.
2. Comply with the rules and regulations as developed and set down by the Oblong Community Unit School District #4, Board of Education.
3. Comply with the training rules and regulations as established by the coach of the sport in which the student is participating.

The rules set forth in this policy are based upon the assumption that participation in athletics at Oblong High School or Oblong Elementary School is a privilege, not a right.

These rules are to apply from the first day of practice or from the first day of school for the student athlete, and continue to apply to the student athlete until completion of their High School career. These rules apply both in and out of season of the sport(s) in which each student athlete participates, during the school year, holidays, school year vacations, on and off campus, and whether or not violation occurs at school or school sponsored activity. Summer vacation is not part of this policy.

Absence from School on Day of Activity

An athlete who is absent from school after noon on the day of an activity is ineligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family. An athlete who has one or more trancies or who has been suspended from school may be suspended from participation in athletic activities by administration. An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

Travel

All athletes shall travel to athletic events and return home from athletic events with the team on which the athlete competes by use of school approved means of transportation. A written waiver of this rule may be issued by a coach or administrator upon advance written request of an athlete's parent or guardian and provided the parent or guardian appears and accepts custody of the athlete. In no case shall a waiver be issued unless the alternate means of transportation anticipated by the waiver will be provided by the parent. Oral requests shall not be honored and oral permissions shall not be valid.

Any student athlete found to be in violation of this policy shall be subject to discipline in accordance with the school district's athletic discipline policies, rules and regulations as provided herein.
